

Migration of Safeguard-Pay domains to Deel.com

As part of our integration with Deel, we will be updating our systems and branding on Saturday, October 4, 2025. These updates will affect the applications you use, along with certain email addresses. To complete this work, our systems will be **temporarily unavailable for most of the day**. We have scheduled this downtime on a weekend to reduce disruption as much as possible.

What's Changing

The applications you use will move to new Deel-branded URLs:

- **Global Unity:**
From: <https://globalunity.safeguard-pay.com/>
To: <https://globalunity.deel.com/>
- **Unity Payroll:**
From: <https://unitypayroll.safeguard-pay.com/>
To: <https://unitypayroll.deel.com/>
- **Unity Employee Portal:**
From:
<https://unityemployeeportal.safeguard-pay.com/<Insertclientid>/login/>
To:
<https://unityemployeeportal.deel.com/<Insertclientid>/login/>
- **Service Desk (ticketing system):**
From: <https://servicecentre.safeguard-pay.com>
To: <https://gp-help.letsdeel.com>
- **SFTP Connections:**
From: <https://file.safeguardglobal.com/>

<https://file.safeguardworld.com>

To: <https://file.deel.com>

- Please note this is a URL change only, you will not be required to update your keys.
- If you are using SFTP for file transfer, please share these details with your IT/Integration teams so they can update any connected systems such as Workday or others.

Single Sign-On (SSO) Users

If your organization uses SSO to access our applications, our Application Support Team will contact your IT team directly to ensure the integration is updated to the new URLs. For any SSO-related questions in advance, please reach out to ssosupport-dgp@deel.com.

What to Expect

- **Date:** Saturday, October 4, 2025
 - **Impact:** All applications will be offline for most of the day during the transition window.
- About this change:** This is a mandatory update that applies to all systems.

After the Change

- Your applications will be accessible via the new URLs.
- All existing data will remain intact, stored in the same data centers, under the same security and compliance standards as today.
- No changes to functionality—just updated branding and URLs.

Questions?

If you have any questions, please contact your Service Delivery Manager (SDM) as your first point of contact. If you're unsure of your SDM contact you can also email us at safeguard.migration@deel.com

Thank you for your cooperation and understanding as we make this important transition.
